Mention was of the possibility of CIA's purchasing a helicopter in case of an emergency. Col. White undertook to look and determine whether any use could be made of this

a. Noted he had been unable to get in touch with Senator Dworshak regarding Dworshak's dissatisfaction with CIA support to the Board of Geographic names. Col. White pointed out that he believed this to be a personal matter between the Senator and the Board, and in fact was not directed against CIA. The Director said if General Cabell did not hear from the Senator in a few days he would attempt to get in touch with Dworshak.

b. Stated Major General Millard Lewis, Deputy Director of Intelligence, USAF, had been in to see him on 20 June and discussed his recent trip to the Far East. General Cabell said General Lewis had reported that relations between CIA and the Air Force in the areas visited in general appeared to be good, however, in some places (not specified) they could be improved. General Cabell said General Lewis felt there should be more aggressive leadership by CIA representatives and felt that our man should not be satisfied with "just dealing with the J-2" but rather should place more emphasis on direct contact with Army, Navy and Air Force Intelligence Chiefs in the FE area remarked that this is, of course, a basic problem and we had been attempting to work this out but always keeping the J-2 informed.	25X
Mr. Amory: 5_7_14_55	25X
Mr. Helms: Asked if any decision had been made as to whether CIA would have the opportunity to assign one of its officers to the US delegation at the forthcoming Four Power Conference at Geneva. The Director said the Secretary of State has agreed we might send one officer, however, he (DCI) wished to reserve decision on nominating this officer until after the San Francisco Conference. The Director said should plan to be in Geneva during the period of the Conference in order to lend assistance to one of our security officers who will accompany the Secret Service.	25X
